THE REDISCOVERY OF *CITY OF TAMPA*, A 19TH CENTURY SINGLE-SCREW STEAMER TUESDAY JAN. 13, 7 PM

During the summer field school in 2014, the UWF underwater crew investigated more shipwrecks in the Blackwater River. One of these is the *City of Tampa*, a screw steamer that carried passengers and cargo between Milton and Pensacola. Andrew Derlikowski, grad student at UWF, will present our program about the history and documentation of this wreck. Hope you can attend on Tuesday, Jan. 13 at 7 PM at the library downtown.

DUES ARE DUE FOR 2015

The PAS membership year runs from Jan. 1 through Dec. 31 each year. It is now time to renew your membership for 2015. If you paid dues during OCT-DEC, you are good for 2015 and will not have to pay again until Dec. 2015. Check with Jan if you need to know your status.

FROM THE EDITOR:

I hope your holidays were as quiet or as hectic as you wanted! We are off on a new year of programs and field trips. There is little to report here since UWF has been closed during December and many people are in Seattle attending the Society for Historical Archaeology conference this week.

I will be back with the usual newsletter next month. The FPAN and UWF labs' information is in the Dec. newsletter and don't forget to think about joining Florida Anthropological Society this year.

Thanks for your support. Jan
